Consulting

Advise managers regarding human resources matters:
- Recruitment, hiring, and onboarding
- Compensation and classification
- Conflict management, change management, and workplace issues
- Performance management, ranging from expectation setting, development, and coaching/discipline
- Rewards and recognition
- Interpretation and application of employment-related laws and regulations and University policies, rules, and labor contracts
- Assist with planning and implementing organizational design and process improvement initiatives

Serve as a confidential source of information for employees on human resources-related programs and other University resources
